REQUEST TO CORRECT DECISION

This office received the enclosed copy of an action On Petition containing critical errors, including the identification of the patent in Reissue. The corrected heading is present on this response. This is to request that the Petition dated August 17, 2004, in reissue application 10/734,073 be corrected to read as above.

The corrections needed to be made are:

- 1) the original patent number for the above reissue application is 5,074,456;
- 2) the correct issue date is December 24, 1991;
- 3) the patentee is Raymond L. Degner et al.;
- 4) the correct attorney docket is 10993-35;
- 5) the second paragraph should identify the petition as "moot";
- 6) in the third paragraph, the third sentence should be changed to read:

"Inspection of the record reveals that a protest was timely filed by facsimile

transmission on May 10, 2004, May 9, 2004, being a Sunday. 37 CFR 1.7"

7) The fourth paragraph is properly deleted.

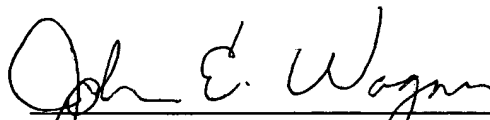

The petition by this office was to assure at least the full two-month period to respond from the *Official Gazette* date of March 9, 2004. The two-month date of May 9, 2004, fell on a Sunday, whereby in accordance with 37 CFR 1.7, the last day to respond was May 10, 2004.

The protest was therefore timely filed.

The protestor is aware that protest received after the two-month period, but before actions have been taken by the U.S. Patent and Trademark Office, that the protest will be received and considered.

Inasmuch as the decision on the petition did become moot, it is believed that and I understand that since the protest and reexamination requests filed will result in a reexamination of all 36 claims of the Degner patent. However, in the interest of maintaining the record clear as to the reissue application, it is requested that the above changes be made in the form of a replacement action on the Petition.

Respectfully submitted,
